

THE OTAGO MASONIC CHARITABLE TRUST and
THE PEEL FOREST OUTDOOR CENTRE

YOUTH ADVENTURE PROGRAM

9 to 16 DECEMBER 2024

7 Days of learning, making friends, personal development and fun

This programme was devised to provide participants with a once in a lifetime opportunity to engage with the wilderness and also developing themselves and their ability to relate to, and work with others. The program will push participants beyond their comfort zones and provide strong shared experiences to last a lifetime, all while enjoying themselves.

Ultimately, it is hoped to show participants that they can achieve more than they perceived and believed, inspire them to push harder, lean on the team, hold each other up and value the wilderness. All while eating good food and enjoying good company with new friends.

The course name 'Eddy Out' refers to paddling a river. We often pull into the calm water on the side for a breather. Once there the idea of eddying out back into the flow can be very daunting. This analogy very easily relates to life. 'Eddy Out'; take on a new challenge, lead a team, be part of a team, complete a journey you may not think possible. The program will provide many opportunities to step out within a supportive environment, learning skills that can last a lifetime. And visit incredible wild places on that journey.

Course participants help plan the activities with the course Instructors:
Including Personal and Team Challenges; Abseiling; a Multiday Tramp; Rock Climbing; Rafting and Kayaking on the Rangitata Rive,. and adventures.

The course is open to Year 12 and Year 13 Students
from across Otago High Schools

COST; Only \$100. each participant.

The balance of the cost of the Program will be met by the Trust.
